

TravelTrust · One Pager · V9

TravelTrust — trust-based travel commerce protocol (marketplace, on-chain escrow, fees, governance).

TTG: 25T genesis · NO-MINT · governance/budget token; travel orders settle in USDC, not TTG.

Primary market: on-chain Norm five batches, SoloTimelock-gated (do not claim open before cutover).

Status: DEPLOYED_PENDING_CUTOVER · TT_PRODUCTION_GO: NO_GO

Contact: traveltrust.ir@gmail.com · <https://www.web3-ttg.com>

General information only; not an offer. No centralized KYC operated by the project.
